The compilation covers the top 50 arms exporters of "major conventional weapons" in the world in 2011 according to SIPRI. Above are the top 25, per capita.

The compilation shows arms transfers in US\$ m. at constant (1990) prices and is based on the SIPRI so called "trend indicator value": <http://armstrade.sipri.org/armstrade/page/toplist.php>

Population is in million according to the UN, 2010 revision:
